

INSTRUCTION

6:240 Field Trips

Field trips are permissible when the experiences are an integral part of the school curriculum and/or contribute to the District's educational goals.

All field trips must have the Director or designee's prior approval, except that field trips beyond a 200-mile radius of the school or extending overnight must have the prior approval of the Executive Board. The following factors are analyzed when determining whether to approve a field trip: educational value, student safety, parent concerns, heightened security alerts, and liability concerns. On all field trips, a bus fee set by the Director or designee may be charged to help defray the transportation costs.

Parents/guardians of students: (1) shall be given the opportunity to consent to their child's participation in any field trip, and (2) are responsible for all entrance fees, food, lodging, or other costs. All non-participating students shall be provided an alternative experience. Any field trip may be cancelled without notice due to danger to students, staff, or chaperones. Monies deposited may be forfeited.

Privately arranged trips, including those led by District staff members, shall not be represented as or construed to be sponsored by the District or school. The District does not provide liability protection for privately arranged trips and is not responsible for any damages arising from them.

Recreational Class Trips

Recreational class trips are permissible provided they do not interfere with the District's educational goals. The provisions in this policy concerning field trips are also applicable to recreational class trips, except those regarding educational value.
