What's Happening?

February 2021

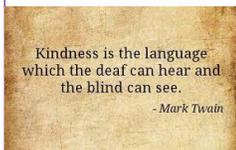

“Black History Month is an annual celebration of achievements by African Americans and a time for recognizing their central role in U.S. history. Also known as African American History Month, the event grew out of “Negro History Week,” the brainchild of noted historian Carter G. Woodson and other prominent African Americans. Since 1976, every U.S. president has officially designated the month of February as Black History Month. Other countries around the world, including Canada and the United Kingdom, also devote a month to celebrating Black history.”

Groundhog Day. Groundhog day was February 2 and according to this tradition, we will have six more weeks of winter as he saw his shadow. “It derives from the Pennsylvania Dutch superstition that if a groundhog emerging from its burrow on this day sees its shadow due to clear weather, it will retreat to its den and winter will persist for six more weeks; but if it does not see its shadow because of cloudiness, spring will arrive early.”

“Data from the Stormfax Almanac's data shows that Phil's six-week prognostications have been correct about 39% of the time.” “According to the President of the Groundhog Club, Bill Deeley, Phil is 135 years old, having been alive since the ceremony began in 1887.”

Casimir Pulaski Day

Illinois enacted a law on September 13, 1977, to celebrate the birthday of Casimir Pulaski. He was a Polish-born soldier who made a significant contribution to American independence. The bill was introduced by State Senator Norbert A. Kosinski, a Democrat from Chicago, and signed by Thomas Hynes, President of the Senate, on June 26, 1977.

Fun Facts

In Switzerland it is illegal to own just one guinea pig.

This is because guinea pigs are social animals, and they are considered victims of abuse if they are alone. Why isn't this a law everywhere?!

Snakes can help predict earthquakes.

They can sense a coming earthquake from 75 miles away, up to five days before it happens.

Movie trailers were originally shown after the movie, which is why they were called “trailers”.

The problem with trailers showing after the film was that audiences wouldn't stay around to watch them, making the trailers rather ineffective. After reading this newsletter, please tell your student to let Mrs. Rennie know and she will add \$1000 to their bank account!
